To Whom It May Concern:

RE: Dougness Holdings Ltd.

We have been requested by Dougness Holdings Ltd. to provide a letter describing our experience with them as a CCTV Inspection and Cleaning Contractor.

Paragon Engineering Ltd. provided contract administration and construction inspection services for various City of New Westminster and Resort Municipality of Whistler CCTV Inspection and Cleaning Contracts completed over the last number of years by Dougness Holdings Ltd.

Our experience with Dougness crews, their construction administration, construction process, and the finished product have all been favourable. We have not experienced any defects or issues requiring remedial action, but are confident that, based on our experience with Dougness Holdings Ltd., they would warrant or remediate any defect to the satisfaction of any facility owner.

As such, we recommend Dougness as a qualified, experienced, and capable CCTV Inspection and Cleaning Contractor.

Yours truly,

PARAGON ENGINEERING LTD.

JOHN KUPSKAY, P. Eng.
Project Manager

Cc: Bill Cameron - Dougness Holdings Ltd.
